

BUY AND SELL PARTS ONLINE WITH ADS PARTS FINDER!

Parts Finder was conceived in the late 1970s as a way for ADS Service Members to sell slow moving or obsolete parts. The program has been successful over the years; in 1999, there were in excess of 10,000 parts listed with a cost value of over \$2 million and sales of nearly 1,500 parts valued at over \$50,000. These numbers show how a modest investment generated a substantial return for participating ADS Members.

Now available on ADS's Website www.diesel.org, Parts Finder allows potential customers from around the world to post and search for parts listed by participating ADS Service Members.
