

Dear ADS Member:

We want to personally welcome you to the Association of Diesel Specialists (ADS)! ADS is recognized by major diesel engine and related product manufacturers as *THE* premier trade association of the diesel engine service industry. Our Association is financially sound, vibrant and progressive and it is serving the needs of its members as never before.

As you can see, we're quite proud of our Association's accomplishments, but the key to our continued success is **your** participation. We encourage you to participate in all that ADS has to offer. Take advantage of our excellent training programs, become involved with one of our committees or share your knowledge in our technician Online Forums that can greatly enhance the value you receive.

Don't forget to experience and attend our International Conventions. Please plan now for the 2011 ADS International Convention & Tradeshow, August 2-6 in Las Vegas, Nevada. The Convention & Tradeshow will showcase the latest developments in technology, equipment and service issues. Attending provides a great opportunity to network with the movers, shakers and leading business professionals of our industry. Once there you'll see how industry professionals all come together with the same common interest - serving the Diesel Customer!

Thank you for joining ADS, you have now joined the ranks of the most successful companies in the Diesel Engine Service Industry. We look forward to working with you and remember, you'll get as much out of ADS as you put in.

Sincerely,

*Chuck Hess*

Chuck Hess  
ADS President 2010-2012
